

THE RB HALL OF FAME

The purpose of the Rancho Bernardo Hall of Fame is to recognize persons who have rendered outstanding volunteer services that have contributed to the development and enhancement of the quality of life in Rancho Bernardo.

The idea for honoring residents who have made significant contributions was discussed initially in 1974. This led to the formation of a citizens' committee composed of representatives from RB organizations which developed the original criteria for the persons elected to membership in the first group, the 1974 honorees.

Membership is based on outstanding volunteer service and leadership in organizations designed to serve others in RB, enhance the quality of life in RB, improve health or education in RB, or foster the civic or cultural life of RB – leadership that has resulted in significant contributions to Rancho Bernardo.
